## Technologies

### Reflective detail

*This item has been finished with a reflective detail.*

### Breathable

*This means that the item has been treated with a micro porous membrane that passes humidity from the inside to the layer on top while keeping fluids from the upper layer out. This technology makes sure that transpiration fluids and condensation are easily disposed of while rain and other fluids are kept out. This keeps you dry, but also insulated against the harshest of weather conditions. The "mpv" indication shows you the item's*

### Windproof

*This item is windproof and will protect your body completely against windy weather.*

*breathability, which is determined by the amount of condensation that the fabric will let pass.*

### Waterproof

*This symbol indicates that an item is waterproof or treated with a water-resistant coating. This means that this item is perfectly suitable for work in a wet or humid environment. The “mm”-indication is a scientific measure that shows how much millimeters of water the fabric can withstand in a hydrostatic test without letting a single drop pass.*

### Extreme waterproof

*Waterproof ++*

### Adjustable cuff links

*The cuff links on this item are adjustable in size.*
