Technologies

Multipocket

This item has 5 or more pockets for storing different articles and accessories.

Breathable

This means that the item has been treated with a micro porous membrane that passes humidity from the inside to the layer on top while keeping fluids from the upper layer out. This technology makes sure that transpiration fluids and condensation are easily disposed of while rain and other fluids are kept out. This keeps you dry, but also insulated against the harshest of weather conditions. The "mpv" indication shows

Waterproof

This symbol indicates that an item is waterproof or treated with a water-resistant coating. This means that this item is perfectly suitable for work in a wet or humid environment. The “mm”-indication is a scientific measure that shows how much millimeters of water the fabric can withstand in a hydrostatic test without letting a single drop pass.

you the item's breathability, which is determined by the amount of condensation that the fabric will let pass.

Water repelling

This item has been made from a water repelling material or treated with a water reppeling coating. Coating means an item is made water repelling or waterproof by adding an element like polyurethane or PVC. This technology also ensures that the item repels oil and other dirt.

Windproof

This item is windproof and will protect your body completely against windy weather.

Reflective detail

This item has been finished with a reflective detail.

Adjustable cuff links

The cuff links on this item are adjustable in size.

25 washing cycles

All our HIGH VISIBILITY clothing has been tested for retention of the reflective material.

Stretch fabric

Stretch fabric is a synthetic fabric that stretches.
