- Lining: 100% polyester
- Reinforcement fabric: 88% polyester - 10% elastane - 2% viscose

Technologies

Reflective detail

This item has been finished with a reflective detail.

Breathable

This means that the item has been treated with a micro porous membrane that passes humidity from the inside to the layer on top while keeping fluids from the upper layer out. This technology makes sure that transpiration fluids and condensation are easily disposed of while rain and other fluids are kept out. This keeps you dry, but also insulated

Windproof

This item is windproof and will protect your body completely against windy weather.

against the harshest of weather conditions. The "mpv" indication shows you the item's breathability, which is determined by the amount of condensation that the fabric will let pass.

Waterproof

This symbol indicates that an item is waterproof or treated with a water-resistant coating. This means that this item is perfectly suitable for work in a wet or humid environment. The "mm"-indication is a scientific measure that shows how much millimeters of water the fabric can withstand in a hydrostatic test without letting a single drop pass.

Extreme waterproof

Waterproof ++

Adjustable cuff links

The cuff links on this item are adjustable in size.

Ripstop

Ripstop fabrics are woven fabrics using a special reinforcing technique that makes them resistant to tearing and ripping. During weaving, reinforcement yarns are interwoven at regular intervals in a crosshatch pattern.

Stretch fabric

Stretch fabric is a synthetic fabric that stretches.
